May 12, 2021

Dear Families,

We regret to inform you that the 2021 Summer Recreation Program will be cancelled this year. The health and well-being of your children is our top priority and has guided our decision-making process. This decision was difficult for us as we have taken great pride in our ability to provide such a great opportunity infused with learning and fun for our community children. Based on CDC guidelines and staffing levels, we identified that group sizes would be severely limited and the types of available programming would be limited in size, scope and location. At this time, we know that we would not be able to offer the quality of program that we have offered the past 24 years.

We understand that this news is difficult for families who depend and rely upon this programming to provide safe summer opportunities while schools are on Summer Break. We want our families to know that while we pause for the 2021 Summer season, we remain committed to creating a new opportunity in 2022 when we anticipate that the COVID spread will be better controlled.

We will miss your children and wish everyone health and wellness during these challenging times.

Sincerely,

Tammy Graham, Recreation Facility Manager
Big Bear Arena
