

# MAKE AN IMPACT

Become a College Adviser

## Who We Are

AdviseMI is an AmeriCorps program hosted by Michigan College Access Network (MCAN). AdviseMI places recent graduates (bachelor's or higher) in selected high schools across Michigan, particularly high schools that are located in communities with low college-going rates and low adult educational attainment rates, to serve as College Advisers. Serving alongside high school counselors and other school professionals, advisers support students as they make the transition from high school to postsecondary education.

Lakeville High School  
University of Michigan-Flint Alumna

Serving as an AmeriCorps member is such a life changing opportunity. The support we provide to our students on a daily basis is essentially shaping their futures. This experience has made me a stronger advocate and has shown me that my passion for helping others doesn't have to stop at one year of service, it can lead to a professional career path too.

AdviseMI is building a bridge between underrepresented students and success by providing answers to the many questions students have. By promoting a college-going culture within schools, more and more students are exploring their full potential, learning how to advocate for themselves, and are becoming aware of the opportunities that surround them. AdviseMI is helping create a wave of better-equipped college students.
