

# LEARN TO CODE. CHANGE THE WORLD.

Join us for a *FREE* 8-week introduction to computer science, led by MSU undergraduate students!

- Learn the basics of coding, make new friends, and collaborate to create a final project!
- Lessons hosted virtually on Zoom
- Registration open to rising 6-12th graders
- Program begins in October

*Hosted by the College of Engineering / Office for Women in Engineering, Recruitment and K-12 Outreach at Michigan State University*

*Generously sponsored by Ford*
